

WHAT YOU DO AT HOME IMPACTS YOUR ENVIRONMENT

Clean water is important to fish, animals, plants and people.

Every living thing needs clean water.

50% of all rare species live in water.

Only 3% of the Earth's water is fresh water

PROTECT OUR PRECIOUS WATER BY FOLLOWING THIS GUIDELINES

TURN OFF THE WATER WHEN BRUSHING YOUR TEETH

DON'T TAKE LONG SHOWERS

RUN THE DISHWASHER ONLY WHEN FULL

WATER THE GARDEN & THE LAWN IN THE MORNING OR EVENING

DON'T WASH DOWN SIDEWALKS - SWEEP INSTEAD

PLANT NATIVE BUSHES & TREES THAT NATURALLY USE LESS WATER

USE LESS SOAP & CHEMICALS IN THE LAUNDRY, CLEANING, ETC.

DON'T FERTILIZE YOUR LAWN

DON'T POUR CHEMICALS DOWN STREET DRAINS
